

About NIT Graduate School of Management

ICT Skill Enhancement Programme

About Programme

The Training & Placement Cell works towards recognizing the core competencies of students by offering a variety of Capability Enhancement Programmes to all students in order to improve their skill sets and broaden their job opportunities. The training programmes are devised, customized and delivered to impart and imbibe the relevant skills to suit the employer needs. ICT skill enhancement training programmes aids the students in equip themselves with computing skills which they need in further education and as an ongoing learning process and provide access to information through external networks.

Objectives of programme

The main objectives of 'ICT Programme' are

- To get a new perspective on ICT tools and learn new ways and best practices to-integrate ICT into learning and Professional Upgrading.
- To develop digital literacy skills that enable them to function as discerning students in an increasingly digital society.

Programme Implementation

The Training & Placement Cell through Industry Institute Forum, interacted with industrial experts, the students ameliorate their inadequacies and acquire the necessary skills to become industry-worthy and meet the employers' expected level of workplace preparedness. The

Institution offers training in Tally, Advanced Excel, , Word Processing, Adobe Photoshop, Operating System Installation & Trouble Shooting, etc which opens various avenues in job market.
